TOGETHER, WE CAN MAKE THE IMPOSSIBLE POSSIBLE

Learn the **BEST** and the **MOST** effective reading and spelling skills that you can use for your entire life!

Our MRS Orton-Gillingham literacy training is for classroom educators to be used in one-to-one intervention, group remediation, special and/or regular classroom settings inside the school's premises.

This **eight-hour training** is for classroom educators and is ideal for kindergarten, grade one, special needs teachers and paraprofessionals who do not have the background about the Orton-Gillingham typical method and how the English language system works, but other educators can also learn and take this level.

At the end of the training, participants **will be able to teach students with at least low cognitive ability and with intact vision and hearing to read and spell closed syllable, one-syllable words including the exceptions to the closed syllable**, meaning without asking the students to memorize words
